

Reg.-Nr.: TTI-P-G010/98-00

DECLARATION OF CONFORMITY No. 06085-04-ct5

The Equipment Under Test (EUT)

Partnumber : J02022A0022 electrically identical to J02022A0023

Type : Mod. Patch Panel CAT.5E MPP16-HS screened 1HE RAL 7035,
Mod. Patch Panel CAT.5E MPP16-H unscreened 1HE RAL 7035.

has been verified as being compliant with the transmission specifications of the following standards:

ISO/IEC JTC 1/SC 25/WG 3 N 598 2000-05-08:

Working Draft for Category 5 (Cat.5E) Connecting Hardware Specifications;
Attenuation/Next Loss/ELFEXT Loss/Return Loss/Power Sum Next Loss/
Power Sum ELFEXT Loss/Transfer Impedance.

With typical NEXT values of 62-55 dB in the frequency range 62.5 MHz to 100 MHz the EUT satisfies the standard requirements of 43 dB of Category 5 (Cat.5E) with a big safety margin.

Customer: Telegärtner Karl Gärtner GmbH
Lerchenstrasse 35
D-71144 Steinenbronn/Germany

Test Location: ELMAC GmbH, Boschstraße 2
D-71149 Bondorf/Germany
Tel.: ++49(0)7457/9441-0
Fax: ++49(0)7457/8044

Test Report No: 06085-04-c5e

Date tested: May 2000
